

2010 Energy Efficiency Incentives for Jackson County REMC Members

In an effort to lower the total system demand of electricity for Jackson County REMC and to delay the need of new generating capacity for our wholesale power supplier, Hoosier Energy, we are offering the following energy efficiency incentives for 2010. Incentives apply to equipment installed and operating in the 2010 calendar year in homes or structures connected to Jackson County REMC. Interpretation of qualifying equipment and installations are at the sole discretion of Jackson County REMC. Jackson County REMC reserves the right to modify or discontinue the incentives at any time without notice.

Electric Water Heaters - Qualifying water heaters must be 40 gallons or larger and have an efficiency factor of .90 or greater. *A purchase receipt and copies of the manufacturer's capacity information and energy factor information must accompany a completed incentive request form.*

Central Air Conditioners - Qualifying units must have SEER ratings of 14 or greater. *An installer's invoice and a copy of the manufacturer's SEER rating information must accompany a completed incentive request form.*

Air-to-Air Heat Pumps - Qualifying units must have SEER ratings of 14 or greater. *An installer's invoice and a copy of the manufacturer's SEER rating information must accompany a completed incentive request form.*

Air-to-Air Heat Pumps Replacing Resistance Electric Heat Systems - Qualifying units must have SEER ratings of 14 or greater. *An installer's invoice and a copy of the manufacturer's SEER rating information must accompany a completed incentive request form.*

Geothermal Heat Pumps - Incentives apply to geothermal heat pumps installed in new construction or replacing any types of heating and cooling systems except existing geothermal heat pumps. *An installer's receipt and a copy of the manufacturer's SEER rating information must accompany a completed incentive request form.*

To apply for a rebate, complete the information below and the form on the following page. Submit rebate claim forms with required installer's information and receipts no later than December 31, 2010.

ALL INSTALLATIONS ARE SUBJECT TO A VERIFICATION INSPECTION BY JACKSON COUNTY REMC

I certify that the equipment listed on the rebate claim form has been installed and is in full operating condition.
