

2012 Energy Efficiency Incentives for Jackson County REMC Members

Air-to-Air Heat Pumps, Geothermals, Air Conditioners

In an effort to lower the total system demand of electricity for Jackson County REMC and to delay the need of new generating capacity for our wholesale power supplier, Hoosier Energy, we are offering the following energy efficiency incentives for 2012. Incentives apply to equipment installed and operating in the 2012 calendar year in homes or structures connected to Jackson County REMC. **Interpretation of qualifying equipment and installations are at the sole discretion of Jackson County REMC.**

Jackson County REMC reserves the right to modify or discontinue the incentives at any time without notice.

Air-to-Air Heat Pumps & Air-to-Air Heat Pumps Replacing Resistance Electric Heat Systems -- A qualifying unit must have a SEER rating of 14 or greater based on AHRI certification of both the heat pump and air handler combination. **Mini-split heat pumps or PTAC (motel units) do not qualify.**

Geothermal Heat Pumps - Incentives apply to new geothermal heat pumps installed in new construction or replacing any types of existing heating and cooling systems. Replacement of existing geothermal equipment will also be considered if the warranty on the existing equipment has expired.

Central Air Conditioners - A qualifying unit must have a SEER rating of 14 or greater based on AHRI certification of both the air conditioner and the air handler combination. **Window air conditioners, mini-split air conditioners or PTAC (motel units) do not qualify.**

All rebate requests must include the following:

- 1 - A completed REMC application form (both sides)**
- 2 - A copy of the paid invoice from the installing HVAC dealer**
- 3 - An AHRI (Air Conditioning, Heating & Refrigeration Institute) validation certificate for all SEER and EER ratings. This should be obtained from the installing HVAC dealer. No rebate will be awarded based on HVAC dealer bid specifications, promotional material of dealer or manufacturer, or any other source than AHRI.**

Submit completed rebate applications no later than December 31, 2012.

ALL INSTALLATIONS ARE SUBJECT TO A VERIFICATION INSPECTION BY JACKSON COUNTY REMC

I certify that the equipment listed on the rebate claim form has been installed and is in full operating condition.
