2022 Residential Rebate Program

About the Program

Your electric cooperative is offering a 2022 residential rebate for qualifying equipment (water heaters, geothermal heat pumps and air source, ductless mini-split or dual fuel heat pumps). To qualify, you must occupy the home where the equipment is installed year-round (12 months) and unit must heat and cool the whole home, unless otherwise stated.

Please provide the following documents to your electric cooperative to apply for possible rebates*:

- AHRI (Air conditioning, Heating and Refrigeration Institute) certificate for validation of all SEER ratings. (This can be obtained from the installing heating and cooling contractor.)
- 2022 Residential Rebate Application
- Proof of purchase (invoice or receipt)

Must apply by December 15, 2022

274 East Base Road Brownstown, IN 47220 (812)358-4458

* Your electric cooperative reserves the right to approve, deny or select the appropriate incentive. Prior approval is required for electric resistance incentives.

Water Heater (Heat Pump or Hybrid) New construction or replacing gas or electric

Geothermal Heat Pump

New construction or replacing electric resistance heat, gas, heat pump or geothermal

Air Source or Dual Fuel Heat Pumps

Heat pump replacing gas, existing A/C or heat pump, new construction or replacing 100% electric resistance heat

Mini-Split Heat Pump

Single room or whole home installations

HVAC Tune-Up

Air source and geothermal heat pumps and central air conditioning systems

SEE MORE ABOUT QUALIFYING EQUIPMENT ON OTHER SIDE.
