

**JACKSON COUNTY REMC  
LANDOWNER/LANDLORD CONSTRUCTION AGREEMENT  
APPROVAL FORM**

By executing this document, the landowner/landlord is granting permission to install all necessary equipment in order for Jackson County REMC to provide broadband internet services (Services) to all of the service locations on the property listed below. This signed form releases Jackson County REMC from any liability related to damages that may claim as a result of an alleged violation of a lease/rental agreement as it relates to the installation of the required equipment.

The landowner/landlord grants to Jackson County REMC or its representative authorization to enter the premises to construct, install, maintain, inspect and/or replace all other Equipment necessary to provide Services. Furthermore, as the landowner/landlord of the premises at which the Services are provided, landowner/landlord will grant to Jackson County REMC a perpetual easement without charge on and through landowner/landlord premises to construct, install, maintain, inspect and/or replace equipment necessary to provide Services to the Customer and others. By signing this agreement, the landowner/landlord expressly consents to the expansion of the electric easement of the Jackson County REMC to include communications infrastructure.

Should you the landowner/landlord only approve the installation subject to specific requirements that make the actual installation in excess of what is offered as part of its standard professional installation, you may be asked to pay any excess costs, to be agreed upon by the landowner/landlord and Jackson County REMC. Upon installation, all equipment is still owned by Jackson County REMC and proper care must be taken of the equipment.
