

JACKSON COUNTY RURAL ELECTRIC MEMBERSHIP CORPORATION

Schedule “L” – Security Lighting Service

Character of Service – Unmetered lamps controlled by photoelectric cells installed on facilities of Jackson County REMC.

Availability – Available to any active account provided that 120 Volt service is available at the location where the light will be installed.

Basic Service Charge – Not applicable if the account is under a separate metered rate schedule. If the account is not under a separate metered rate schedule, the type of service determines the Basic Service Charge.

Security Light Rates:

- 100-Watt High-pressure Sodium⁽¹⁾ \$10.00 per unit per month
- Small LED (100-Watt and 150 Watt Equivalent) \$10.00 per unit per month
- Roadway/Ornamental Lighting LED (or HPS) \$12.00 per unit per month
- 200-Watt High-pressure Sodium⁽¹⁾ \$12.00 per unit per month
- Small Directional LED (or 200-Watt Directional HPS) \$18.00 per unit per month
- Large Directional LED (or 400-Watt Directional HPS) \$22.00 per unit per month

(1) No new installations, existing lights only)

Approved by the Board: 11/18/2025

TERMS AND CONDITIONS OF SERVICE

Line Extension Cost – Line extension policies may require payment of extension costs if added facilities are required solely to provide requested service. All necessary equipment will be furnished, owned, and maintained by REMC.

Billing – Lighting under this schedule will be billed monthly, or in conjunction with the associated metered service at the same location.

Late Payment Charge – If a bill is not paid by the due date, it shall become a delinquent bill and a late payment charge may be added in the amount of ten percent (10%) of the first three dollars (\$3.00) and three percent (3%) of the excess of three dollars (\$3.00).
